

Project Overview

The City of Milwaukie will soon begin a maintenance project on the Stanley Reservoir located at Stanley Park. As a part of this project, the water reservoir will receive:

- Structural repairs
- Seismic fittings to prevent damage during earthquakes
- Additional safety equipment for City Maintenance Staff
- Removal of a primer paint coating that contains lead
- New protective paint coatings and mixer for improved water quality

Project Benefits

This maintenance project will bring the 46-year old reservoir up to current standards. It will improve water quality and make the reservoir earthquake ready.

Timeline

October 2024–May 2025

What to Expect

- Normal daytime work hours are 7 a.m. to 7 p.m. Monday through Friday.
- Noise, dust, and equipment on site.
- Heaters and dehumidifiers will run both day and night but the noise level will be low.
 - » These machines will help create an environment in which the new paint may better stick to the inside of the reservoir.
 - » We'll try our best to minimize noise for adjacent residents.
- Stanley Park will remain open.
