## **NOTICE OF PUBLIC HEARING Amendments to Milwaukie Comprehensive Plan**

The **Milwaukie City Council** will hold a public hearing at **6:00 p.m. on Tuesday, May 1, 2018**, at Milwaukie City Hall, 10722 SE Main Street, to consider a recommendation for proposed Comprehensive Plan text Amendments (File #CPA-2018-001).

This matter was previously heard by the Planning Commission at a hearing on March 27, 2018. At that hearing, the Planning Commission recommended approval of this application.

### **Summary of Proposed Changes**

The proposed amendment is to repeal the *Scott Park Master Plan*, a Comprehensive Plan Ancillary Document that was adopted in 1990, is out of date, and has not been implemented.

In May 2016, the citizens of Milwaukie passed a bond to fund improvements and expand the Ledding Library. After two city-wide community meetings seeking feedback on different elements on library design and on the evolution of preliminary designs, the City is moving forward with a 20,000-sq ft one-story library on the site of the existing library. The library site includes Scott Park.

The Scott Park/Ledding Library site is located in the downtown just north of City Hall on a 2.3-acre site. In 1990, the City embarked on a process to create a master plan for the site. The goal of the proposed improvements was to address the issues of poor visibility and unsafe pedestrian and vehicular access by preserving and enhancing the site's natural resources, improving pedestrian and vehicular access, and improving site identity. In November 1990, the City Council adopted the master plan, which includes detailed estimated construction costs and proposed phasing of improvements, as an ancillary document of the Milwaukie Comprehensive Plan.

To date, none of the proposed improvements have been completed and some minor site improvements have been made that do not match the master plan. Further, the adopted plan did not anticipate any changes or improvements to the Ledding Library building, which is the primary reason for this proposed plan amendment.

While the library project conflicts with some specific elements of the Scott Park Master Plan diagram, it does not conflict with (and in some cases directly addresses) the stated goals, including: improve pedestrian and vehicular access, improve visibility of the park, and library facility, provide viewing opportunities along Spring Creek Pond, enhance the role of Scott Park as a habitat area, and restore park improvements.
